T render_keys fixture — unchanged-source toy document

Revision: 1 **Last modified:** 2026-09-29T00:00:00Z

This is a small, real toy Markdown document used ONLY as test-fixture data for T062's RED test (`test_render_keys_red.sh` , scenario `rk_unchanged_today`). It is never edited by that scenario — only its mtime is touched, never its bytes — to prove the CURRENT exporter (`scripts/testing/sync_all_markdown_exports.sh`) re-renders it anyway, because its freshness check today compares mtimes only (`[ "$md" -nt "$html" ]`), never content.
